

It's deriving strength from his past experiences in different groups such as "Associates" (L'AB7, SYRAX FLO), DAK (The AB7, SYRAX, DAZER) that MASTA PI embarks on a solo voyage . During this period, he made several stages (the first part of Starflam) and multiple appearances on mix-tapes and compilations.

Then follows encounter with "Les Ecrit 20", the group formed by d'Anouar le Sarazin, R-Thug, L'Authenticité, Ismaël Cortex et Masta Pi. It is within this group that exchanges with France take shape, thanks to meetings like PSY 4 DE LA RIME and the NOUVEAUX PHILOSOPHES.

There was even some first parties performed to the "Ancienne Belgique" in Brussels (mythic concert place), like those of PSY 4 DE LA RIME and 113. Viewpoint of media presence, we noticed him beyond our borders in France and Switzerland.

MASTA PI had the opportunity to collaborate with Pop-electro groups and made a short tour with the band "LÖBE Radian Dub System, including on the anniversary date of their Label" JFX Record "in Lyon.

In 2002, he founded the OPAK group together with SCYLLA, Dj ALIEN, KARIB and L'AB7. This collaboration gives rise to two opus, " L'arme à l'oeil" and " Dénominateur commun", released in 2004 and 2006. These two albums received a warm reception from the public and allowed the members of the OPAK group to perform on stage many times across their flat country.

Since then, MASTA PI hump relentlessly his solo album and is about to finish it and present it to you with force and vigor.

Until then, you probably will cross him on stage, his favorite place, where you will discover a part of his world made of laughter and tears, joys and trials.
